

VIPER® WEED AND FEED

18-0-3

Viper, PCSCU GUARANTEED ANALYSIS

Total Nitrogen (N) 18.0% Urea nitrogen 18.0% Soluble Potash (K2O) 3.0%

*4.5% slowly available urea nitrogen from poly coated sulfur coated urea. Plant foods derived from: Urea, Poly Coated Sulfur Coated Urea and Muriate of Potash.

544-3760

generic/pocket

THIS PRODUCT IS A PREMIUM GRADE HERBICIDE AND TURF FOOD COMBINATION WHICH CONTROLS A WIDE SPECTRUM OF BROAD LEAF WEEDS WHILE PROVIDING BOTH FAST AND LONG FEEDING ACTION.

CONTAINS 2,4-D, MECPROPP-P AND DICAMBA

Weeds controlled by this product gradually die and disappear from the lawn.

ACTIVE INGREDIENTS:

- Isosulf (2-ethylhexyl Ester of 2,4-Dichlorophenoxyacetic Acid) 1.077%
2,4-Dichlorophenoxyacetic Acid 0.146%
(4-Hydroxy-2-Methyl-4-Chlorophenoxy)propionic Acid 0.287%
Dicamba (3,6-Dichloro-o-anisic Acid) 0.070%
OTHER INGREDIENTS 98.420%
TOTAL 100.000%

KEEP OUT OF REACH OF CHILDREN CAUTION

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals: Irritation. Avoid contact with skin, eyes, or clothing. Wear long pants, long-sleeved shirt, socks and shoes when handling this product. Do not get on your hands. Do not get on your face. Do not get in your eyes. Do not get on your hair. Do not get on your clothes. Do not get on your shoes. Do not get on your car. Do not get on your pet. Do not get on your children. Do not get on your furniture. Do not get on your car. Do not get on your pet. Do not get on your children. Do not get on your furniture.

FIRST AID

• Hold eye open and flush slowly and gently with water for 15 to 20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue flushing eye.
• Call a poison control center or doctor for treatment advice.

HO USE INSTRUCTIONS

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-877-352-1540 for emergency medical treatment information.

ENVIRONMENTAL HAZARDS

Drift or runoff may adversely affect nontarget plants. Do not apply directly to water, or to areas where surface water is present or to adjacent areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters nor pour the washwater on the ground, stream or drain over a large area away from wells and other water sources. Most cases of groundwater contamination involving phenoxyl herbicides such as 2,4-D and MCP-P have been associated with manual handling and disposal sites. Caution should be exercised when handling these phenoxyl pesticides at such sites to prevent contamination of groundwater supplies. Use of closed systems for manual handling of these pesticides will reduce the probability of contamination. Personnel of the manufacturing equipment on an impervious pad to contain spills will help prevent groundwater contamination.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. READ ENTIRE LABEL BEFORE USING THIS PRODUCT. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS. AWARD TURF FERTILIZER (VIPER) WEED AND FEED is a stable mixture of four herbicides. It is for use on Ornamental Turf lawns (Presidential, Industrial and Institutional), Parks, Cemeteries, Athletic Fields and Golf Courses (Fairways, Greens, Tees and Similar). This product may be used on Bahia, common Bermuda, Blue Grass, Centipede, Fescue, Fine St. Augustine and Zoysia grass. DO NOT USE on Dichondra and Carpet grass. DO NOT USE the product where desirable clovers are present or allow the product to fall off onto lawns. This product is designed to promote lush green growth in lawns and controls many broadleaf weeds such as:

Table with 4 columns: Weed Name, Growth Habit, Herbicide Type, and Control Effectiveness. Lists various weeds like Annual ryegrass, Common chickweed, and others.

WHEN TO APPLY

Best results are obtained when weeds are growing actively in spring or early fall. Avoid contact with desirable shrubs, plants, vegetables, or flowers, especially when applying with a rotary (spray) type spreader. Do not reseed for at least 3 to 4 weeks after application. Do not apply to newly seeded or sodded lawn until after 3 mowings. For optimum results: (1) Avoid mowing 1 to 2 days before and after application. (2) Apply when grass is moist (after a rain) and a lawn mowing is scheduled. (3) Avoid unnecessary disturbances, including watering of treated areas for 48 hours after application. Watering will wash off weed killing material, and (4) avoid applying if rainfall is expected within 48 hours following treatment. Possible re-treatment in approximately 30 days may be necessary if lawn is not controlled. Under conditions of adverse weather, conditions of soil and weeds are in a state of poor growth. Do not expect NOTE: When applying to Southern Grasses - under conditions of moderate to high temperatures and high humidity, over application may cause more transitory discoloration on Centipede and St. Augustine grasses. It is recommended that during hot, dry conditions, application rates should be reduced 50%, to avoid possible dehydration or browning of grasses.

HOW TO APPLY

The 50 pound bag should be used on 12,500 square feet. Apply evenly with a lawn spreader as a one pass application. A two pass application, cross-crossing the area at the rate each time is equal to one application. The following settings are approximate for applying contents of this package at a suggested rate of 4 pounds per 1,000 square feet. Settings are based on an average walking speed. Reduce setting for slower speed, raise setting for higher speed. Check your spreader on 250 square feet and adjust to apply at the rate of 1 pound per 250 square feet.

CALIBRATION INSTRUCTIONS:

Use the proper setting for the type of spreader before spreading. For 1,000 square feet of product on 250 square feet and adjust to apply at the rate of 1 pound of product per 250 square feet.

Table with 2 columns: Spreader Type and Rate (lb/1000 sq. ft.). Lists Lepto Rotary, Sprinkler 24-22, Scott's B8A, Phoenix CB Rotary, Earthway 2400 Rotary, and Jet Broadcast.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. PESTICIDE STORAGE: Always use original container to store pesticides in a secured warehouse or storage building. Do not stack more than two pallets high. Do not store near open containers of fertilizer, seed or other pesticides. PESTICIDE DISPOSAL: Pesticide wastes are toxic. If container is damaged or pesticide has leaked, clean up all spilled material. Improper disposal of excess pesticide, spray mixture, or residue is a violation of Federal law and may contaminate groundwater. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Completely empty bag into application equipment, then offer for recycling if available or dispose of empty bag in a sanitary landfill or by incineration or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

WARRANTY DISCLAIMER

This product must be followed carefully to the extent consistent with APPLICABLE LAW. (1) THE GOODS DELIVERED TO YOU ARE FINISHED AS IS, BY MANUFACTURER OR SELLER AND (2) MANUFACTURER AND SELLER MAKE NO WARRANTIES, GUARANTEES, OR REPRESENTATIONS OF ANY KIND TO BUYER OR USER, EITHER EXPRESS OR IMPLIED, OR BY USAGE OF TRADE, STATUTE OR OTHERWISE WITH REGARD TO THE PRODUCT SOLD, INCLUDING, BUT NOT LIMITED TO MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, USE OR ELIGIBILITY FOR THE PRODUCT FOR ANY PARTICULAR TRADE USAGE OR PARTICULAR CONSEQUENCES, INCLUDING BUT NOT LIMITED TO INEFFECTIVENESS, LAW RESULT BECAUSE OF SUCH FACTORS AS THE PRESENCE OR ABSENCE OF OTHER MATERIALS USED IN CONNECTION WITH THE GOODS, THE FACTORS OF SOIL, CLIMATE, WEATHER, SEASON, TIME OF USE, OR OTHER FACTORS BEYOND THE CONTROL OF MANUFACTURER OR SELLER. (3) THE BUYER, USER OR CUSTOMER, BY USING THE PRODUCT, ACCEPTS THE REPRESENTATIONS AND AGREEMENTS BETWEEN BUYER, MANUFACTURER AND SELLER AND NO PERSON OR AGENT OF MANUFACTURER OR SELLER HAS ANY AUTHORITY TO MAKE ANY REPRESENTATION OR WARRANTY OR AGREEMENT RELATING IN ANY WAY TO THESE GOODS.

LIMITATION OF LIABILITY

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW IN NO EVENT SHALL MANUFACTURER OR SELLER BE LIABLE FOR SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES OR FOR DAMAGES IN THEIR RESPECTIVE JURISDICTIONS FOR THE GOODS SOLD, INCLUDING USE, APPLICATION, STORAGE, OR DISPOSAL OF THE GOODS. THE BUYER, USER OR CUSTOMER, BY USING THE PRODUCT, ACCEPTS THE REPRESENTATIONS AND AGREEMENTS BETWEEN BUYER, MANUFACTURER AND SELLER AND NO PERSON OR AGENT OF MANUFACTURER OR SELLER HAS ANY AUTHORITY TO MAKE ANY REPRESENTATION OR WARRANTY OR AGREEMENT RELATING IN ANY WAY TO THESE GOODS.

If you do not agree with or do not accept any of the conditions for use, the warranty, disclaimers, or limitations on liability, do not use the product, and return it unopened to the seller, and the purchase price will be refunded.
