Dwarf Columbine
Forget-Me-Not
Tussock Bellflower
Monkeyflower

WILDFLOWER SEEDING RATE

- 5.5 oz. per 1,000 sq. ft. or 15 lbs. per acre.
- When seeding flowers alone, we recommend seeding Red Top in addition to flowers at 1 oz. per 1,000 sq. ft. or 2 lbs. per acre.
- For a premium, longer lasting flower mixture; we recommend adding 1 part of Perennial Wildflowers to 3 parts of Midwest Wildflowers (1:3 ratio)
